BRIEF JOB DESCRIPTION:
Plans, organizes, manages, and performs duties necessary to accomplish medical administration functions in support of programs essential to MSARNG daily operations, training, and readiness missions. Oversees and manages the MSARNG medical readiness program which includes planning, coordinating, and providing direction to all medical resources. Direct responsibilities include, but are not limited to, command health programs, medical/dental readiness for mobilization, deployment, and operations, medical education, sustainment, proficiency training, credentialing of health care professionals, fiscal management, policy development and implementation, and medical support for accomplishment of various missions, including the support of country, state, and federal agencies involved in various natural disasters and civil emergencies. Plans, coordinates, and institutes medical policies to implement federal law and higher-level directives to provide optimum support to MSCs and overhead units of the MSARNG. Identifies medical readiness trends; develops and issues guidance when warranted. Develops new procedures to solve unprecedented issues. Represents the State Surgeon as the principle full-time advisor on the operational and administrative issues of medical readiness to the Adjutant General, the Chief of Staff, and other directorate level staff elements. Acts as a liaison with all NGB, State, and Federal organizations concerning matters relevant to medical readiness. Administers all resources budgeted to the state for medical programs. Oversees the preparation of a proposed annual budget for the state medical readiness program to include funding from DA, NGB, and state sources. Ensures that state medical training and medical logistical readiness of all units are in accordance with the priority of the units concerned. Develops and monitors a medical proficiency training program along with long range plans that provide adequate facilities, personnel, and equipment for support of the medical readiness program.
