BRIEF JOB DESCRIPTION:
The WMD CST is a mix of Air National Guard and Army National Guard personnel. The team is currently responsible for both state and national level response. Hazardous materials response training is highly desirable. Applicants should possess a high degree of fitness and physical stamina in order to perform extended operations in heavy protective gear.

PRIMARY DUTIES AND RESPONSIBILITIES

Member will respond to suspected terrorist attacks using Weapons of Mass Destruction (WMD) and production or storage sites involving chemical, biological, and radiological materials. Will serve in a two person team specifically charged to perform reconnaissance or sampling. Team members will assist first responders in the presumptive identification of hazardous materials. Survey Team members will perform reconnaissance of possible hostile areas containing hazards that are high health risk. Survey team members will perform sampling of hazardous chemicals and biological agents, and identification of radioactive isotopes. The team may be asked to determine the affected area perimeter and level of concentration. All Survey Team members will maintain and operate technical equipment and Personnel Protective Equipment (PPE) under rigorous, stressful conditions. Members are expected to obtain advanced proficiency in chemical, biological, and radiological concepts. Survey Team Members must be or be able to become Hazmat Technician certified under civilian NFPA 472 standards. Applicants must possess or be able to attain a DOD Secret clearance. This position requires an above average amount of TDU due to high operations tempo and training requirements. Applicants must possess or be capable of maintaining a government travel card in good standing to support travel requirements.
